7th Grade Parent Survey Class of 2011 Washington, D.C Trip

Dear Parents,

Thank you for taking the time to review and complete this survey. Your frank answers to these questions will help us in our preparations for next year's 8th grade class trip.

If you were unable to attend the meeting, you can view the Powerpoint presentation by accessing the school web site at <http://www.kingwoodschool.org/> then clicking on the link entitled "7th Grade Parents – Washington, DC Trip Presentation." This will give you all the information that was presented at the meeting.

Please take the time to review the Powerpoint presentation mentioned above and then complete and return the survey to the principal's office. I would welcome the chance to address your specific questions or concerns via phone or email.
